Dedication

The Senior Class of 1959

proudly dedicates the 1959 Mt.

Massive Sentinel to the loyal mer-

chants and people of Leadville

because of the support which you

have given us in the past years.

Although we have always had your

loyal support, we did not fully

realize the extent your friendly

and co-operative manner helped

us until we started our Annual.

Faced with the seemingly disastrous

financial situation last fall, as

always, you backed us to the limit.

To Tuffy,
the
my cruss
neighbor. Remember
good (?) sleep rides!
Kard luck and
Kathy Rod

Custodians

Fred Van Pelt, Don Barnard, Frank Blatnick

Credit should be given where credit is due. That is why this page has been devoted to our custodians. Fred Van Pelt has done a wonderful job in the Senior high building. Don Barnard has taken care of the Junior high, in which our shop and domestic science classes are located. Frank Blatnick has had the care of our gym. Not only did he keep it clean for us, but he also helped whenever we had our parties, and especially, on the Junior-Senior Prom. They have all worked hard and we owe much to their patience and friendliness.

Tuffy,
I'll break this page in for you right. You are really a swell guy and I have been very proud to know you. May God bless you always,
Francie

Tune: America
the Beautiful.

Oh, Leadville High, we sadly leave
and with our tears we grieve.
The lessons we have learned so well,
To the whole world we'll tell.
Your memory will live with us
And will go on with trust.
Saluting you--we travel on

CLASS POEM

Dear Leadville High, we leave you now,
and as we go we take a bow.
For we have reached the highest goal,
of which you've played the leading role.

Three years ago, we entered here
To accept the knowledge you held so dear
The teachers gave their precious time
To help us conquer the long hard climb.

Although we worked, we also played;
The rock of success we firmly laid.
We had our fun and passed the test,
And now we leave with joy expressed.

When our turn comes, to travel the road,
We'll hold our heads high and carry our load.
For life has many treasures, waiting for us;
We'll seek and we'll find, with faith and trust.

Moon Lore

We entered the Senior High School as Sophomores being sponsored by Miss Kasten.

We then boasted of a membership of seventy; now because of certain difficulties, we only have forty-seven Seniors.

We chose Eugene Evans as Prexy of the Sophomores; Bonnie Davies, Vice-President; Barbara Carson, Secretary; Joann Stevens, Treasurer; Barbara Romaine, Historian; and Jim Burger, Reporter. Student Council Representatives were Virginia Stout and Gary Koepping.

At the Sophomore skit we gave a presentation of a wedding; all were in costume. Although we were very good, the juniors were better with their circus parade.

As Juniors we elected Jimmy Burger as President; Leroy Hieter, Vice-president; Joann Stevens, Treasurer; Francie French, Reporter; Mary O'Leary, Historian; Jean Drobnick and Tuffy Gray, Student Council Representatives.

At the senior all-school party, the Seniors-to-be took all honors for their presentation of a saga of man from the prehistoric up to the modern teens and their jazz.

One of the high points of the Junior class was the choosing of the class rings, which we did unanimously. We also presented Mr. Kerrigan with our class ring. No other class ring will ever compare with them.

Our first major achievement was the Junior Play, THE ANTICS OF ANDREW, which was a great success when it was presented.

As we started our work on the Prom we fooled everyone by saying the theme was "Cemetery Serenade." Actually, it was "Moonlight and Roses" and it was the best Junior Prom ever to be given. It was beautifully decorated with a little "Chateau" at the far end with a rose-strewn fence along the sides.

We have done very well in sports and several members of our class helped to win the District Championship and also went to State in basketball.

Our Senior year started under the leadership of Leroy Hieter, President; Jean Drobnick, Vice-president; Elva Jean Vidick, Secretary; Joann Stevens, Treasurer; Bobby Tinkle, Historian; Rose Marie Strell, Reporter; Steve Lani and Beulah Dal Piaz, Student Council Representatives, and Mr. Kerrigan remained as our sponsor. The Senior all-school party was a huge success. On November 24 we selected our announcements and calling cards.

Our Senior Fair was postponed until April 10 and 11. The theme was "Leadville, 1880." Our booths were decorated as buildings in the early days of Leadville and the costumes were in the styles of the early days. Everyone had a marvelous time.

Slouch Day and Skip Day were held and immensely enjoyed by all the Seniors. The underclassmen were entertained by an interesting program on Slouch Day.

This week-end we will take our trip day as the last outing of a very successful year. On Sunday, Baccalaureate services will be held. June 2, we will officially become graduates of L. H. S. with the Commencement exercises, ending three most enjoyable years.

Junior Class History

The Class of 1960 had had a very successful year under the leadership of officers John Larsh, Charleen Gabardi, Steve Ferkovich, and Susan Roll.

At the annual All-School Party in September, we took first place with our class stunt portraying the seniors as they will be fifty years from now.

In October, we held an All-School "Clash" Party. Charleen Gabardi and Gordon Burk won first prize for wearing the "clashiest" colors. Also in October, Susan Roll and Gordon Conklin were chosen to represent the juniors as attendants to the Mardi Gras king and queen. Our float, "Autumn Nocturne" was featured in the Mardi Gras parade.

A high spot in our year was the presentation of our class play, "Where's Charlie?" The all-star cast of this hilarious comedy included Tom French, Dick Smith, Charleen Gabardi, Jo Ann Mitchell, Donna Cornella, Jan Mitchell, Craig Meredith, Merlene Pitts, Janice O'Connell, and Susan Roll. Pat Sanchez was student director.

Our class rings finally arrived in March, and in May we were hosts at a very beautiful prom and banquet with the theme, "Japanese Fantasy."

The Student Council is the student government of Leadville Senior High School.

It is headed by the elected officers: President, Vice-president, and Secretary-treasurer. It is composed of two representatives and the President of each class. There are also representatives from the various clubs throughout the school. The Student Council is under the able sponsorship of Mr. Robert Snow.

Some projects of the Council have been the selling of Panther car stickers and Panther basketball programs. The Council's biggest project is the revision of the Student Council Handbook. The purpose of the Handbook is to acquaint students with their school.

In all its projects the Student Council works for the betterment of the school.

Climb, Though the Rocks be Rugged

As we approached the foot of the trail leading up the mountain, the meadow was green and inviting. But we turned our backs on the temptation to remain here, and bade farewell to our sunny, carefree hours at the stream crossing the trail when we entered the first grade.

The trail leading to the top of the snow-covered peak began as a gently sloping, smooth roadway. As we climbed higher on our journey through school, the trail became steeper and rockier.

At first we followed our smooth pathway through the pleasant forest, pine needles making a soft carpet beneath our feet. Occasionally, we ran across rocks in our way, but our teachers helped us to cross these barriers. When we had conquered one obstacle, we were ready to tackle the next one. Eventually we came to rely more on ourselves to solve our problems.

Our elementary years went by, swiftly for some, more slowly for others. Each grade was a height on our mountain trail and represented an attainment; we had successfully overcome the steep, rocky parts of the trail to accomplish part of our goal.

Finally, the trees were replaced by grass. We had reached timberline and our high school years had begun. There were times when the poorly marked, rock-strewn path through the carpet of grass seemed insurmountable, but a look at the beautiful flowers, enhancing the green with their rainbow hues, encouraged us. These beauties of our surroundings reminded us of the pleasures of our trip to the top.

Then the big year arrived. We were ready, as Seniors, to start the last leg of our climb. The grass gave way to rocks of all sizes and shapes. In order to reach the summit, it was necessary to climb over the stones. Sometimes the trail seemed very long and almost too steep and rocky to follow.

However, by not giving up, we reached the summit of the mountain. Now as we look back down the trail to the valley far below, shaded by passing clouds and dotted with lakes and streams, we realize that we have conquered each obstacle and are now prepared to follow another trail to a different peak.

From here each graduating Senior will take a different trail. Every trail will lead to a mountain to be climbed. Although at times we may feel like giving up, no mountain is so steep or so rugged that we will not reach the goal if we "Climb though the rocks be rugged."

Congratulations, Seniors! Mr. and Mrs. OSCAR M. DAVIES

Thinking Makes It So

According to the publishers of a series of books on mental efficiency, "Impulsiveness of thought leads to impulsiveness of action." This is an example of how your thoughts affect your life. From day to day consider your thoughts and plan each move you make.

Acquire the habit of not acting upon impulses, and when the time to make an important decision in your life comes, you will be prepared.

Thoughts are things. Have you ever thought that someone was disgusted or unhappy with you? As a result of your thoughts, your attitude towards that person was changed and soon he was acting just as you thought.

It is almost the same about making mountains out of mole hills. Thinking a task is hard usually makes it more difficult. If you use an "I can" attitude on it, you will be able to do it and overcome almost any obstacle in your life. "There are thousands to tell you it cannot be done; there are thousands to prophesy failure . . . Just start to sing as you tackle the thing that 'cannot be done' and you will do it." From a poem by Edgar Guest.

See what you want and never lose sight of it. Think about it. Reason out the problems standing between you and your goal. Then work. You can't just sit in your rocking chair and think about being a doctor or a lawyer; you must work. As you think and work, you will be traveling towards your goal. Think high, aim high and you will strike high. No matter what field you are interested in, the field of housekeeping included, do the best that you can. "It isn't by size that you win or you fail--Be the best of whatever you are."

When I attended Girls' State, I was impressed especially by this quote from the Philosophy of James Allen, which was in our manuals:

> "As you think, you travel; and as you love, you attract.
> You are today where your thoughts have brought you;
> You will be tomorrow where your thoughts take you.
> You cannot escape the results of your thoughts; but you can endure and learn, can accept and be glad. You will realize the vision--not the idle wish--of your heart, be it base or beautiful or a mixture of both, for you will always gravitate towards that which you, secretly, most love. In your hands will be placed the exact results of your thoughts. You will receive that which you earn; no more, no less. Whatever your present environment may be, you will fall, remain, or rise with your thoughts, your wisdom, your ideal. You will become as small as your controlling desire; as great as your DOMINANT ASPIRATION."

Congratulations, Seniors! B. P. O. ELKS, Leadville Lodge No. 236

Most Representative Girl

A cheerful personality and a vivacious character are always present when Mary O'Leary is in the vicinity. An excellent student, Mary has been very careful of her scholastic record. She has always been available to assist anyone who was in the least bit of difficulty or has felt down trodden. A big smile and a cute twinkle in her eye have been a trade mark of Mary since we have been affiliated with her.

There is no doubt in anyone's mind that Mary will make a success of anything that she attempts.

Most Representative Boy

Through the years, everyone connected with Jim Burger in any way has found him to be not only very willing to give his assistance at any task, but also completely capable of thoroughly and satisfactorily completing the assignment. His leadership qualities and determination to have each duty performed efficiently have given him a very high ranking among teachers and students alike. A friendly disposition and a definite interest in individuals have helped determine his extensive popularity.

We all hope that Jim gets whatever he strives for in life, and that he will be able to fulfill each obligation of his chosen field.
